FEATURED DESIGN & DEVELOPMENT PROJECTS

Glam Sneha – Luxury Makeup Studio Web Platform

React.js, Next.js, Tailwind CSS, JavaScript, Vercel Deployment

- Architected and developed a modern luxury makeup studio web platform featuring interactive service galleries and appointment booking workflows.
- Implemented custom responsive styling, UI animations, and smooth cross-device viewports optimized for high visual impact and user retention.

Dream Digital – Digital Agency Web Application

React.js, Next.js, Tailwind CSS, TypeScript, Web Vitals, Vercel

- Engineered a full-featured digital agency website showcasing service offerings, portfolio case studies, and interactive contact forms.
- Optimized page performance and SEO meta tags, ensuring low latency, high lighthouse scores, and fluid navigation across all screen sizes.

IEMECON 2027 – International Conference Management Portal

React.js, Next.js, Tailwind CSS, TypeScript, Event Schedule APIs

- Built an official academic conference web portal for IEMECON 2027 to manage paper submissions, keynote speaker profiles, and event itineraries.
- Structured accessible UI tables, downloadable resource tracks, and registration call-to-action pipelines for international academic delegates.

Onevoo – Cross-Platform Multi-Utility Application

Flutter, Dart, Mobile App Architecture, RESTful APIs, State Management

- Developed a multi-utility cross-platform mobile application providing seamless user features while maintaining minimal local storage footprint.
- Designed a modular Flutter architecture with clear separation of concerns, optimized state handling, and interactive mobile UI views.

BOOTCAMPS & TECHNICAL COMPETITIONS

- **HackUEM 4.0 Hackathon (September 2025):** Participated in an intensive hackathon building rapid software prototypes and presenting pitch solutions under time constraints.
- **Stacks Fullstack Bootcamp (August 2025):** Completed hands-on practical training focusing on full-stack application architecture and modern web developer toolchains.
- **OG Genesis Web3 Builder Meetup (July 2025):** Engaged with regional software engineers and founders on decentralized tech, modern backend paradigms, and web engineering.

LEADERSHIP & CAMPUS INVOLVEMENT

- **SANGRAM Athletics Department Representative (September 2025):** Represented the Computer Science & Engineering department in 100m and 200m track sprint events during the annual university sports meet.
- **Web Developer – ECell Organization (UEM Jaipur):** Managed and engineered web development initiatives for the Entrepreneurship Cell at UEM Jaipur (2023–2025).
- **Member – Codesta Club:** Active member participating in competitive coding events and campus developer initiatives (2023–2024).
